Dear Valerie,

I hope this e-mail finds you well. Per my voicemail this morning, I wanted to see if you and Hans might be available next week to discuss how we will contract the DM, Stats and MW for the TES study. We are currently reviewing the template that our Phase I group uses and I think it will work. (I should hear from our contracts person today or tomorrow.) I would also like to learn more about your study plans for next year.

As of now, my schedule is pretty flexible next week. Let me know a date and time that works for you and I will drive down from Alexandria.

I am in Chicago today, but can be reached on my cell phone at (703) 303-9731.

Have a good day!
Doug
